

CDBL Operating Instruction – 120 - 17

31<sup>st</sup> January 2017

To: All CDBL Participants

**Microsoft Windows 7 (32-bit)**

CDBL is upgrading its Central Depository System (CDS) server equipment, storage system, disk capacity, server operating system, oracle version and VeDAS backend application software to enhance capacity and to improve VeDAS application performance. This upgraded CDS system is expected to go live end of May / early June 2017.

**To run the new CDS system all DPs and Issuers VeDAS CGS PC and its Workstations (if any) must be installed with Microsoft Windows 7 32-bit operating system and Oracle 11g Client.**

You are requested to take necessary steps to upgrade your current Microsoft Windows XP to Microsoft Windows 7 32-bit by **30<sup>th</sup> March 2017**. In this regard, please contact CDBL Customer Support System Engineers (Md. Muniruzzaman Rana - 01726042851, Shihab Bari - 01714303340 and Md. Monirul Islam - 01716623344) in advance to schedule appointments to re-install VeDAS Application when OS up-gradation to Microsoft Windows 7 32-bit is completed.

Please take backup of your VeDAS application folder located in path C:\VeDAS\_<DPID> to an external drive, format C Drive, install Microsoft Windows 7 32-bit, install Microsoft Office, WinZip, Printer driver etc and then restore VeDAS Application folder from backup to C:\ path.

**Please ignore above instruction if your VeDAS CGS PC and its workstations are already installed with Microsoft Windows 7 32-bit operating system.**

Kindly inform CDBL in writing that your CGS PC and its workstations are installed with Microsoft Windows 7 32-bit so that CDBL can take the next step to upgrade the oracle client version from 8i to 11g to meet the pre-requisite of new upgraded CDS system.

If you have any queries please feel free to call us on our help lines 58156953, 58157279, 9137928, 9137518 and our Mr. Raquibul Islam Chowdhury (01715107619) and Mr. Moinul Haque (01911367826) will be pleased to assist you.

Thanking you
